

Year 3

Rumba:

Learning the Rumba is a prerequisite for excellent Latin Dancing. The Cuban Motion is essential in most Latin dances. The Rumba is used by good dancers everywhere and provides interesting variety suited to a limited space. Neat, attractive, precise footwork gives you confidence in your dancing

Salsa:

Salsa is the unique blending of traditional Latin sounds and dance steps of the Mambo and the Cha Cha with the freedom and turning actions of Swing and Hustle. A true nightclub dance that fits onto small crowded floors, a real must for Latin social dancing.

Hustle:

Hustle originated in the 1970's Disco Era and was popularized by John Travolta in the movie "Saturday Night Fever." Both the music and the dance swept the country like wildfire and although the white suits and gold chains have faded away the dance has stayed. It is still one of the most popular nightclub dances today

Paso Doble:

Paso Doble is Spanish for 'two step'. It is filled with bold, march like movements, modeled on the proud, confident strutting of a matador striding into a bullring. The lady's role is exciting- she poses as her partner's cape!

Tango:

In order to achieve the distinctive style of the Tango it is important to develop controlled staccato footwork, along with fluid graceful movements. The unique rhythm of the music is great training for timing and phrasing which develops as the dancer becomes more proficient. Tango practice is essential towards becoming a good dancer.
